### WANTED - MINING SERVICES - ENGINEERING BUSINESS

- HIGH DEMAND FOR SOLID PROFITS
- MY BUYERS SEEK MORE OPTIONS
- LET'S APPRAISE, LIST, AND SELL IT!

Lately I've sold, and I'm selling substantial mining services businesses, given strong 'regular enquiry'. My clients aim to review and secure established high profit businesses, within the range of \$1 million to \$20 million, AUD.

If you intend to sell now or in the forthcoming year, do take advantage of my business assessment expertise, followed by a 'bespoke sales process report'. This is prepared for the optimal return on investment, enhanced through best practice, and pragmatic foresight. Discretion is assured, and there's an "off market sale" option, to diminish stress often associated with selling a major asset, or shares, in your enterprise.

If you wish to appreciate the fair market value of your business and related property, our commercial property experts can readily assist, and advise, concurrently.

I look forward to a call and invite you to meet in our boardroom. Otherwise, I can visit after hours to effectively appreciate matters of trade, when staff aren't on site.

With over twenty years' experience I'm very happy to say 'aside to any sale' that most of my clients become friends. When a sale is complete, they understand and appreciate the work undertaken to secure a genuine, ideally qualified buyer, for a multimillion-dollar acquisition. Long-term experience and integrity are key highly valued intangible traits, not found on each street corner.

I've developed and defined business practice ethically and practically, under the mantra 'is it in the best interests of each party'. This delivers cohesive inherent trust, vital to a successful cordial and commercially comfortable outcome.

I look forward to learning about the development and growth of your SME, when it's finally time to divest, and transition, with a respectful like-minded buyer.
